VOL. 54—NO. 38.

HAZARD, KENTUCKY

MONDAY, APRIL 5, 1965

COPY—10c

Additional Funds Requested for HEW

The State Economic Security Department has requested \$1.8 million in additional funds from the U. S. Department of Health, Education and Welfare to operate its nine-county work experience and training project for unemployed parents for the remainder of 1965.

State Economic Security Commissioner C. Leslie Dawson said the rate of application for the Eastern Kentucky demonstration project has increased since January 1 when it was brought under the Economic Opportunity Act.

"We have informed the Welfare Administration that the previous grant of \$9.6 million was not sufficient to meet the present rate of new applications for the unemployed parent program," Dawson said.

He explained that experience with the program prior to January 1 showed that economic security could base its request for funds on an average of 3,600 recipients per month during 1965. He said the March level is 3,500 and that at this rate there would be about 4,000 fathers or step-fathers on the project by the end of the year.

"Kentucky's record attests the fact that the Federal government has provided 100 percent of the funds for this program," the commissioner said.

"The state is also responsible for meeting all of the objectives of the program, including the needs of our recipients and the increased benefit rate which Federal officials have insisted upon."

"Unless the Federal government can allocate this additional \$1.8 million, the original \$9.6 million grant will not allow Kentucky to continue to add unemployed parents as they apply, except to replace recipients who may drop out of the program or obtain employment."

"We want to avoid the problems and disappointments which would result from denying applicants, and make this work experience and training project available to everyone who can meet the eligibility requirements," Dawson said.

Counties affected by the work experience and training project at present are Bell, Harlan, Leslie, Perry, Letcher, Knott, Breathitt, Floyd and Pike. Families are now receiving an average monthly payment of \$190 plus another \$15 worth of medical care under the State-Federal program.

Buckhorn Holds Community Meet Wednesday Nite

The Buckhorn Community Services had its second regular meeting on Wednesday night with a big turn out of interested people. Approximately seventy children came in for 4-H activities on the buses and cars provided and twelve adults met with County Agent Paul Keen to discuss gardening problems.

This response involved more than 30 families, a sizable proportion of the Buckhorn population. Due to the last minute withdrawal by county school officials of an agreement to use the public school facilities for the meetings, complicated by the absence of some of the expected leadership, several quick changes in arrangements had to be made, but the participants expressed a desire to continue the program.

Next week the women will be starting a sewing project under the direction of County Home Demonstration Agent, Mrs. Cecile Townes, and the young people's folk dance group will be getting underway.

In addition to other 4-H projects. On April 14, a class for carpenters sponsored by the Hazard Vocational School will be starting with an enthusiastic group of qualified students. Other activities may be added as the people of the community find ways of sponsoring them.

On April 14, a class for carpenters sponsored by the Hazard Vocational School will be starting with an enthusiastic group of qualified students. Other activities may be added as the people of the community find ways of sponsoring them.

Farris Barger, 24, Of Saul, Killed In Auto Accident

A Perry County resident, Farris Barger, 24, of Saul, was killed in an automobile accident near the Saul Post Office Saturday afternoon.

He is survived by his parents, Mr. and Mrs. Walker Barger of Saul; two brothers, Wilson of Austin, Indiana and Ronald Lee of Crankston, Indiana; three sisters, Mrs. Lettie Estep of Crutts, Kentucky, Della May and Martha of Saul; and his paternal grandmother, May Barger of Saul.

Funeral services were held this afternoon at 2 p.m. at the Leatherwood Baptist Church at Saul with Rev. Seldon Davidson officiating.

Burial was in the Barger Cemetery at Saul with the Britton-Townsend Funeral Home of Manchester in charge of arrangements.

Kiwanians Hear Topic On Wildlife in Kentucky

S. P. Troublefield, game biologist with Kentucky Department of Fish & Game, was the guest speaker at the regular weekly meeting of the Hazard Kiwanis Club, Tuesday evening, March 29, at Don's Restaurant.

Using as his subject, "Wild Life in Eastern Kentucky", Mr. Troublefield pointed out that the area of Eastern Kentucky is ample habitat for wild turkey, white-tailed deer, squirrel, grouse, pheasant and rabbits. Wild dog packs in Perry, Knott and Breathitt counties are the worst enemies of deer and other wild life. Mr. Troublefield stated that Eastern Kentucky could attract hunters and sportsmen from various parts of the country if local citizens exhibit initiative in building and establishing ample lodges and accommodations.

"Our area needs more hunters for deer and turkeys," the speaker said, "and the fact needs to be advertised." Mr. Troublefield told of the State's plan to buy some 60,000 acres of land in Leslie County to be used as a wild-life preserve and hunting area. This same land was formerly leased by the Ford Corporation for coal mining purposes.

Mrs. Gene Combs, Chairman of PCDA Clean-Up Drive, appeared before the club and encouraged the various area-chairmen to complete canvassing their areas to obtain signed agreements from property owners for the removal of abandoned auto bodies.

Visiting Kiwanians present were Rev. Hugh Riley, member of the Downtown Kiwanis Club, Louisville, Ky., and presently conducting a revival at Hazard Christian Church and K. N.

Herald Contains

Martin's Insert

Today's Herald contains an eight page section for Martin's Department Store at Vico advertising their Spring Sale which starts this Thursday. We are proud to announce that this insert was supervised, designed and planned by The Hazard Herald staff.

Blair Receives Ohio Scholarship

Samuel Blair, a senior chemistry major at Eastern Kentucky State College, has been awarded a graduate scholarship by Ohio University.

His special field of work for his Ph.D. degree will be analytical chemistry.

A native of Whitesburg, Blair is the ninth chemistry student from Eastern to receive a scholarship from Ohio State.

He is married to the former Helen Ogilvie, also of Whitesburg.

Lions Club To Display Flags

During the past few years there has been a noticeable lack of flags displayed on our National Holidays in the business section and in the homes of the City of Hazard. Believing that the citizens of Hazard and Perry County are as patriotic and take as much pride in their city, county, state and country as peoples anywhere in the world, the Hazard Lions Club is initiating a plan to correct this situation.

The Lions Club will purchase and be responsible for the displaying of our Country's flag on five major holidays in the year: Flag Day, May 2, Decoration Day, May 30, Independence Day, July 4, Labor Day, First

Monday in September and Veterans Day, November 11.

A 5' by 3' nylon flag, mounted on an eight foot staff, will be attached to each parking meter in the downtown business section of the City, and by-pass. In sections where there are no parking meters a place may be prepared for the attachment.

Members of the Hazard Lions Club will put the flags up at 8 o'clock each morning and remove them at 5 p.m. on each specified holiday. Thereby, making a beautiful and uniform display of our Country's flag.

The Lions Club will purchase, repair, clean and store flags when not in use.

For this service the Lions Club will ask the business people, and any interested citizen, to sponsor a flag for a small annual rental fee.

All monies received from this project, after the cost of the flags, will go into the Lions Club eye-glass fund. This fund is used to purchase glasses for needy school children in Hazard and Perry County. Heretofore, the eye-glass fund has been financed by funds received from the proceeds of the annual Lions Club Ministerial Show, which has been discontinued.

This project is the Lions Club contribution to the over-all plan of Clean-Up and Beautification of Perry County.

Clean-Up Target

Household litter such as this is a major target of the Perry County Development Association's county-wide clean-up campaign. Scores of households across Perry County use their own backyards, the roadside or nearby creek beds as private garbage dumps. The PCDA hopes to eliminate this tendency through education and strict enforcement of state litter laws. The mess above is outside a house in Bulan.

Edward R. Jones, Enlists in Army At Ashland

Edward R. Jones, the 19 year old son of Mr. and Mrs. Agnes Jones of Hindman, Ky., enlisted in the U.S. Army this week at Ashland, Ky., and is now at Fort Knox, Ky. where he will begin his basic training.

Edward, who attended Hindman High School, enlisted for the U.S. Army Air Defense Command, and after training will be assigned to the Air Defense Command Unit at Cincinnati, Ohio.

Weather Box

	Hi	Lo
Friday	54	41
Saturday	62	33
Sunday	66	47
Monday	75	47

Seventeen days after the official "first day of Spring" looks like Mother Nature has finally decided that Spring is long overdue. Today's high was 85, quite a difference from last week.

It was decided by the officers and members present that the club would have a covered dish supper at the next regular meeting, which will be held Friday, April 23, at 7:00 p.m. and an invitation was extended to all Master Masons, their wives and children to attend this meeting.

And The Hill Came Down

Tons of rock dirt and other natural resources came down on the automobile of Mr. Stansbury Owen of Hazard during the recent heavy rains. The 1965 auto was parked at the service station near the intersection of Main, High and the Bypass. Another auto, belonging to Jerry Hall of Lothair, was also damaged in the accident. Mr. Owen is manager of the Smith Maytag Company on Main Street in Hazard. . . . The auto was completely destroyed.

Grant Asked For Project 'Head Start'

The Hazard City School System today filed an application with the Office of Economic Opportunity for a grant with which to operate a summer program called Project HEAD START.

If the grant is approved, an eight week program will be operated by the Hazard City Schools for children in the Hazard School District who will enter first grade next fall.

It is planned that at least 100 children will be in this program which will be a school readiness program. All children of the school district who will enter school as first graders will be eligible to attend.

Following is the outline of the program as it is planned. 100 pre-first graders will be admitted. The staff will be composed of a director, six classroom teachers, two cooks, and a combination janitor-bus driver. Children who are not within walking distance of the Roy G. Eversole School, where the program will be held, will be transported by school bus.

The day's activities will start at nine o'clock each morning and run until two o'clock each afternoon. The days will be Monday through Friday each week.

Included in each day's program will be a health inspection, work and play activities, a snack time, rest periods, a hot lunch, map time, music, dramatizations, rhythmic, story-telling, outside play, story time, shopping, entertainment, etc. The school bus will be kept on a stand-by basis to take children on field trips including trips to the water plant, the fire department, city hall, a super market, etc.

Volunteers will be asked to help with many aspects of the program and some activities are planned in which both children and their parents will participate. Children from Lothair, Wanketown, and other parts of the school district as well as from Hazard proper will be invited to participate in this program which will be equivalent to a kindergarten program.

There will be no charge for any part of the program. Food, transportation, supplies, materials, and everything else will be financed by Project Head Start funds.

Candidates Will Draw For Ballot Positions April 13

Perry County Court Clerk Jessie Horn announced this afternoon that the drawing for position on the ballot in the May 25th primary election will be held at 2 p.m. Tuesday afternoon, April 13, in the Clerk's office in the temporary courthouse on East Main Street.

It was also learned that Saturday at midnight is the filing deadline for anyone wishing to seek an office.

Miss Horn said today that she would be available until midnight Saturday if anyone wishes to file. She can be reached at 436-4614 or 436-2297.

All candidates are requested to be at the drawing. If for some reason one cannot attend he is asked to send a representative to the drawing.

Boy Scouts to Hold Camporee At Ary

The Kentucky River and Letcher District Boy Scouts of America will hold a combined camporee April 9, 10, and 11 at the Black Pine Boy Scout Camp near Ary, Kentucky.

All scout leaders interested in attending this camporee with their troops should contact Mr. George Bernard at 436-3311.

There are many benefits derived from participation in a camporee, some of the more obvious being, development of initiative in making and using equipment, patrol organization, stimulation of advancement, improved troop interest, a deeper and better knowledge of Scouting, camping, and the various skills that pertain to them.

This District Camporee is planned to give our Troops and Patrols some definite help in preparing for the Council Camporee to be held at the Breaks Interstate Park May 14, 15, and 16.

All of the skills required for the District Camporee will be those required at the Council Camporee.

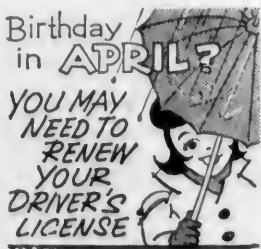

League Tryouts Schedule Set

The tryout schedule for Little and Babe Ruth League baseball in Hazard has been announced.

All tryouts will begin at 5 p.m. at the Lothair field, near the Kentucky Power Plant.

On April 12, boys of the ages of 9 and 10 will tryout; April 13, 11 and 12 year old boys will tryout; April 14, 13 year old lads will be on the diamond and April 15, 14 and 15 year old youths will be in action.

Minor league boys will be signed to a team and will not be required to tryout.

Lions Club Will Sponsor Flags

Mayor Willie Dawahare, left, and William Engle, State Senator and President of the Hazard Lions Club, are shown with Leo Lykins, III, a member of the local Boy Scout Troop, in a kick-off campaign that the Lions have planned to display flags in Hazard on five major holidays during the year.

Monday, April 5, 1965

Let's Love Each Other

The highway of hatred is the road to self-punishment. There is nothing more certain in life than the certainty of suffering that people bring upon themselves by hatred. It is true in the professional world, the business world, the community life, and religious activities.

If you will place a period right here, and think back for any number of years, in any kind of human relations, where the emotion of hate has controlled people, they who have done the hating, and created the trouble are the ones who are hurt the most. Take it in the home, where there is continual fighting between parents, and children, husband and wife, and a part of free-for-all, the persons who fight the hardest are the ones who are hurt the most.

As a minister for many years, in many parts of the land, I have always found that the persons who try to hurt others are the very ones that hurt themselves most. Here in the great southland city of people from the four corners of the nation we have found there are no cold moments in trying to keep a little bit of freedom sparkling around. Many people seem to have some fun for themselves, and then they are as sincere in our church as they are up on little Troublesome Street, or up on little Cowen Religion is about the same with the same love the whole world over. It is the love that makes it so useful to us all. Without the old fashioned neighborly love, there can be no real religion without the hoot of a wide-eyed owl.

It is getting pretty close to the Methodist Conference and the Baptist Associations. The Methodists can sense the coming of the conference in the way a few of the all-time preacher brothers begin to lick their lips, roll back their eyes, and begin to take the preachers on for a fight.

Why people fight their preachers has al-

ways been a deep dark mystery to me. They have no better friends on earth than those hard working circuit riders who go to their aid night or day to help them in every way. They stand by them in life and weep with loved ones when death comes along. They are on call every hour in the day and night, and are often called around the clock to help people. But there are always people, usually a few, who are ready to give the preacher a run for his hat any time.

I have been a minister a long time, but I have never in my life seen a person who was always fighting the preacher get along well in anything. People simply wreck their own lives, on the bones of their preachers. I am always made very sad for anyone who begins to try to get rid of the preacher. For I know, and it is clearly in the Bible that we should not stretch our hands against the Lord's anointed. I have never known any person to get any joy out of running a preacher off. It always reacts on the person who starts the trouble, a thousand times harder than it does on the preacher himself. That happens in the country, in the towns, and in the great cities. People who unjustly destroy the good work of the minister have to pay a terrible price for their ugly deeds.

Let us go to the Associations and try to get our preachers back. Let us go to the Conferences and try to get our preachers back. We have so few preachers to go around so many, that it is a dark day when people hurt their preachers without cause. We should highly respect all ministers of all denominations, and give them our love and prayers all the way. OK? Then let us see you in church on Sundays, and at prayer meetings during the week. Amen.

E. Hampton Barnette
Fort Lauderdale, Fla.

promote the building of better roads in our vicinity.

The population of Hazard, the town where I live, has been decreasing steadily for the past ten years because of a shortage of jobs. Hazard was originally a coal mining town, but after the coal mines were closed, Hazard was left with no industry and therefore no jobs for the citizens to rely upon. Many times interviews have been held with companies considering Hazard a future site for an industrial plant, but after coming to Hazard to check and see if the community was prosperous enough to build a plant, their answer was always the same: "There are no major transportation routes."

Hazard is, in a sense, isolated from surrounding communities by lack of good roads. Many Perry Coumarians are depending on welfare checks from the government. I believe that if the government would build decent roads leading in and out of Hazard that this situation might be changed. With the presence of good roads industry would come to our town and offer jobs to those who are relying on the government for their money.

Three years ago construction was started in Hazard, on the most expensive mile and two tenths of highway in Kentucky. This span of road was to adjoin another span of highway called the "Mountain Parkway." Now, construction is ended, and Hazard is left with this most expensive span of highway going from Cones, a town west of Hazard, to Hazard.

If the government would only build a road into Hazard industry would follow and thus end the big problem of "depressed Eastern Kentucky."

Most of the foods we now consume are shipped in from other areas. The money we pay for these foods goes to the producing areas thus creating jobs there instead of here. Had we produced these foods ourselves, the money would have remained here creating jobs and providing capital for further development.

Producing Our Own Foods.

There is no valid reason why we cannot produce most of our food supply. We should be able to grow all the corn, potatoes, beans, vegetables, feeds and fruits and berries that we need. Also we should not have any trouble producing our fish, poultry, eggs, swine, sheep and cattle. We have a ready market at hand for all these things. It appears that no one has ever deliberately set out to capture this home market on an organized scale. If we could actually meet this market demand, it would be amazing how many jobs we could create.

Problems to be Solved.

Many problems must be solved and new methods developed for success in capturing this market. Some of the problems apparent at this time are: 1. No organized system of produc-

tion 2. No organized system of distribution 3. Products of poor quality 4. Uneven supply 5. Poor, or no packaging 6. Difficulty in competing with market price and unwillingness of merchants to buy locally. These problems are a challenge but are not unsurmountable. As we go along new techniques will be developed and "know-how" acquired.

A Package Deal

These problems must all be solved together, in some degree, before we are successful. Merchants cannot buy food that has not been produced. Farmers will not produce food unless they have a market for it. Merchants will not buy unless the food is of good quality, attractively packaged and priced right. Farmers cannot afford attractive packaging unless they have a reasonable hope of selling their products.

The farmer needs a dependable source of transportation and markets. The merchant needs a source of supply that he can depend upon throughout the year, rather than a surplus at one time and a shortage at other times. All these factors must be solved together.

(To Be Continued)

THEY'D MAKE GREAT MUSIC TOGETHER

OUR READERS WRITE

Morgan Victim of Injustice

Hazard Herald
Hazard, Kentucky
Dear Sir:

I have heard that enough Hazard citizens and students placed the State Tournament loss on the shoulders of Bill Morgan that the boy packed and left.

If this is the case, then Bill is the victim of a grave injustice.

It took a team effort to lose to Breck. Certainly, Bill lost the ball a couple of times, but I saw Jim Rose unable to control a crucial jump with 23 seconds left and I watched 5'8" Cornwell Payton outpump Hazard's front line to get the last rebound.

People forget that Morgan thrilled the crowd with long, looping cue-handers in the opening game. People forget the many football-like passes he threw to Chester, Freddy and Jim for easy baskets. People forget that Bill hit four vital baskets in the 4th quarter against Breck as the Hazard attack sputtered. It seems people conveniently forget whatever they want to.

I watched Bill Morgan play his heart out for Hazard; I saw him cry, openly and unashamedly, before 17,000 fans when he could only find criticism, not appreciation.

And now some thoughtless, immature people have heaped enough condemnation on this young man's shoulders that he felt he must leave.

To have done this is not only morally wrong but a foul and degrading blot against Hazard.

For those citizens and students responsible, there can be only shame.

L.T. BEN FITZPATRICK
Fort Knox, Kentucky

Proposal To Be Considered

Mr. Steve Sandlin, Jr.
Buckhorn, Kentucky
Dear Mr. Sandlin:

I have your letter of March 15 in which you indicate that the Buckhorn Facilities Committee is interested in a connection between Buckhorn and Oneida.

I am referring a copy of your letter to D. M. Burgess, Director, Division of Planning, so that this proposal may be properly considered in connection with our efforts to develop a logical system of roads in Perry, Owsley and Clay counties in which state funds should be spent.

Yours very truly,
Henry Ward
Highway Commissioner

Waterfield Against Bond Issue

Editor Hazard Herald
Hazard, Kentucky
Dear Sir:

Now that Louisville Republican officials have endorsed the State's General Obligation Bond Issue, which is to be voted on this November, the picture is clear. All thinking Kentuckians who want their state to continue its move toward better times realize that the bond issue must be passed.

Only one person in public life is standing by the side of the road shouting against the bond issue while the traffic of the 1960s rolls by. That is Harry Lee Waterfield.

He is a rather lonely and pathetic figure.

Yours truly,
Allison T. Quinley
P. O. Box 162

Johnson Questions Revenue

Editor,
Hazard Herald,
Hazard, Kentucky.

519 East Main St.
Hazard, Kentucky 41701
March 23, 1965

Dear Editor:

Hazard citizens authorized the building of a new water plant and the sewage disposal plant.

The question is being asked, what has been paid on the water plant and the sewage disposal plant, how much unpaid, and the annual income from each of these? For the sewage plant and service 90% is added to each monthly water account.

So far it is not clear to the Hazard citizens the amount of revenue from the garbage service annually.

The income from license on cars, trucks, etc., should be made public also.

The above information is needed where the government of city affairs is by the people and for the people, in other words the governing authority is servant of the people, but not in the reverse.

Yours very truly,
P. L. Johnson

Experience Speaking

By W. Foster "Pap" Adams
Journalist in Residence
Morehead State College

(Editor's Note: This is the second in a series of columns to be written by Foster "Pap" Adams, former editor of the Berea Citizen and former president of the Kentucky Press Association.)

Really now, don't you think there is something electrifying about the slogan, "Let's Speak Up For Kentucky?"

These words were the product of the minds connected with our rural electric cooperatives. It is being widely used now by the RECC members to say to people that it is very wholesome, stately speaking, to say good things about our state.

Those of us who have lived in Kentucky, know everything isn't peace and light. But, where is utopia? Taken as a whole, we have a great state with unlimited possibilities.

Traditional references to our state are fast going by the board. Women are pretty in Oregon too, horses are fast in California and Florida, and about the same all over. There is blue grass in Tennessee and maybe in Pennsylvania.

So in speaking up for Kentucky you can say that we have some wonderful things that New York, Oregon, Nevada, Tennessee do not have.

Where is there another state which can boast a 700-mile border as beautiful and often as terrifying as the Ohio River? Kentucky owns that river which has industrial potential exceeded by no other state.

Who else has a Breaks of the Big Sandy, Kentucky River Palisades, Cumberland Falls, Kentucky Lake, Mammoth Cave, of a Cumberland Gap?

Few places in the world are more awe inspiring than the scene around Lake Cumberland Gap?

Few places in the world are more awe inspiring than the scene around Lake Cumberland where God and the United States Engineers collaborated in developing natural majesty.

And now that the robins have come back from Milledgeville, Georgia, or some other winter weathering and eating place, you will have an opportunity to speak up and say "Just wait until you can see Kentucky in October."

There you have it. Go ahead and speak

up for eKentucky, and tonight when you hear refrigerator kick on for the last time before you go to sleep, say a good word about Congress. Some day the blighted spots in our state may well become the brightest ones.

I suppose there is nothing very strange about remembering things one wants to recall. Every person has a few highlights of life which he fondly cherishes.

There is a former missionary, a friend of mine, who when he shakes my hand (during baseball season), will say "This is the hand that hook the head of Babe Ruth."

Another recalls having seen Hans Wagner Jim Therpe, Dan Patch, John Philip Sousa, and heard Al Jolson sing a song for the very first time.

But yesterday I was privileged to see one sign the Appalachia Bill. It is now in ownership of President Adron Doran of Morehead State College.

This was not just a look at a mechanical device. It digs deeper than that. It represents the hope of a vast population whose heart strings had been out of tune so long.

The pen and the hand which used it will become the symbols of a new day for our people.

W. Foster "Pap" Adams

Herald-ings

by Martha M. Nolan

A trip to Middlesboro over the week end convinced us that there are many industrious people left—many were seen cleaning up their yards, preparing for a garden, repairing a fence, home, etc. We are convinced that people can thrive or degenerate according to their will or determination.

Mother Nature is now preparing to spring forth in all her majestic beauty—the valleys and fields are looking greener and tender buds are appearing on hundreds of trees and shrubs in preparation for Springtime of beauty and loveliness. There is no place that surpasses our wonderful mountains in beauty in the Spring.

Heavy rains during the latter part of last week caused some fear of another flood but luckily the rains subsided in time and the water level was contained at 21.6 feet. Except for slides in various places along the major highways no great damage was noticeable.

Well, politics is beginning to simmer along and candidates are becoming more numerous. The Herald force has been busy trying to furnish stickers, cards, posters, letters, etc., to most all of them. We are always pleased to assist them with their campaign material and lend a helping hand wherever possible. The Primary election is only 50 days away and the time for filing ends April 10th. So, those who want on or off the ballot should act soon.

The new courthouse at Whitesburg was dedicated Saturday and the Hon. Bert T. Combs delivered the principal address. We hope to see the dedication of the new courthouse in Hazard before the end of the year. Supt. of Schools Dave L. Craft took us on a tour of the new headquarters for the school administration. The building is a very fine stone structure located on the hill near the high school and grade school buildings. The building formerly owned by ex-mayor Arthur T. Banks and is ideal for school management and personnel. Another purchase was also made recently by the school board—the Ammerman Motor Company building. This structure, according to Mr. Craft will become the new home of a Whitesburg Vocational School.

Construction work is now going on on the new highway leading from Whitesburg to Hazard. The completion of this new highway will make Hazard and Whitesburg very close neighbors—we are told the distance will be reduced to less than one-half hour's travel.

YOU NEEDN'T MENTION RELIGION TO TEACH IT

Not long ago we met one of our English schoolmasters—a veteran in that high service.

"Where in your timetable do you teach religion?" we asked him.

"We teach it in arithmetic by accuracy. We teach it in language by learning to say what we mean. We teach it in history by humanity. We teach it in geography by breadth of mind. We teach it in the playground by fair play. We teach it in kindness to animals, by courtesy to servants, by good manners to one another and by truthfulness in all things. We teach it by showing the children that we, their elders, are their friends and not their enemies."

(Copied).

Another Threat

How ironic the news is these days.

The Ku Klux Klan has called the civil rights movement "Communist infiltrated" and therefore "unAmerican."

Because two of the world's great powers, Russia and China, are also Communist nations and because their influence is spreading, Americans are rightly concerned that Communism is a constant threat to our freedom.

But Communism is not the only ideology lurking in the shadows, threatening to undermine the things we hold most dear. It has only been a couple of decades since another word sent shivers up and down the American spine.

That word was Fascism.

There aren't any great Fascist nations dominant in world affairs today, thanks to World War II, but if organizations like the Klan had their way, America would be such a nation before the year was out.

All the old characteristic signs surround the Klan, just as they were in Hitler's Germany. Instead of Jews, the Klan points to the Negroes as a minority group responsible for whatever is wrong with America. The old German wish for a blonde, white Nordic "master race" is supplanted in the Klan mind by an insistence on simple "white supremacy" in the south. Instead of a formal, uniformed SS organization, the Klan has its own goon squad reportedly trained in such things as assassination from a moving car. And in place of Hitler's insistence that Germany should rule the world, and his requirement that all Germans literally worship, as a religion, the State of Germany, the Klan would revive the narrow-minded, unreasoned emotions of strict nationalism, saying that America should rule the world, that America is never wrong, saying, in effect, that you better love America, buddy, or else I'll kill you.

And to the Klan mentality, "loving America" is the same as hating Negroes. And Jews, and Catholics.

Communism is indeed a threat to America, and we must never lose sight of that fact. And perhaps the Communists are pleased by the unrest caused by the civil rights movement. But any time someone like the Klan, starts condoning Communism from a Fascist point of view, then he should be regarded with the same suspicion as a Communist is because one is as bad as another.

HARLOWTON, MONT., TIMES: "The monetary problem is serious enough, Lord knows, but over the long pull REAPPORTIONMENT has the most far-reaching significance for the people of Montana... who will get short shrift from the city slickers, who are in the main unaware and oblivious to the problems we in the boondocks have."

Mrs. Gene Combs Attends Garden Club Convention

Mrs. Gene Combs, President of The Garden Club of Kentucky, Inc., left Saturday for Old Point Comfort, Va., to attend the South Atlantic Regional Convention of The National Council of State Garden Clubs to be held at the Chamberlin Hotel on April 5-7.

Mrs. Combs who has been she received the Travel and President of the State Garden Tourist Award from Governor Club for the past two years will be elected Director of the South Atlantic Region to succeed Miss Louise Ballard, of Waynesville, N.C. Mrs. Combs was nominated by her executive board and will be installed at the National Council Annual Meeting to be held in Portland, Oregon on May 22-24. The South Atlantic Region includes the states of Virginia, West Virginia, North Carolina, South Carolina and Kentucky.

Katie, as she is fondly called, has been very active during her term of office, and is currently Chairman of the Perry County Clean Up Campaign which is now in progress. Under guidance many projects have been accomplished in the beautification programs carried on by the many Garden Clubs in the state. In January

Mr. and Mrs. W. G. Edwards and daughter, Kathryn Jane, arrived Saturday for a visit returned Wednesday to their home in River Forest, Illinois, after a visit with Mrs. Edwards' parents, Mr. and Mrs. Robert Gregory, Highland Avenue.

Miss Amy Eversole and Mr. Tommy Shuck of Lexington were the weekend guests of Miss Eversole's parents, Mr. and Mrs. Roy G. Eversole, Broadway.

Mrs. Henry Robinson, of Lothair, is confined to the Hazard Appalachian Regional Hospital, as the result of a hand injury suffered at her home recently.

Mr. and Mrs. J. O. Harper were visitors in Louisville this past week. They were guests at a dinner party given by Mr. and Mrs. Finis Davis at their home Wednesday evening.

Miss Jessie Horn, Mrs. Maude J. Noble and Mrs. Sophia Combs were visitors in Lexington Friday.

Mr. Nick Brashear, of Louisville, arrived Saturday for a visit with his grandmother, Mrs. Henry Baker, Woodland Park.

Mrs. E. E. Begley and Mrs.

Homecoming Is Style In Kentucky

Homecoming's the fashion this year in Kentucky.

Two style shows the first weekend of April took Governor Edward T. Breathitt's "1965 Kentucky Homecoming Year" as their theme for parades of spring fashions.

At Elizabethtown the Woman's Club and the Junior Woman's Club put on "Homecoming Fashion Magic" on Thursday (April 4) at the Elizabethtown Community College. Styles for traveling home to Kentucky, styles for entertaining and to wear at the events for home folks, who come back this year to their former residences, dominated the show. For their finale, club members staged a grand march in their fashionable best and newest to the strains of "My Old Kentucky Home."

At Lone Oak, in McCracken County, the Lone Oak Junior Woman's Club style show on Friday, April 2, used the homecoming theme against a backdrop of a huge plywood map of Kentucky. Ten club members and 25 children of members were the models.

Mrs. H. K. Stewart, club president, said copies of the Governor's homecoming proclamation, received in January at the meeting of the Kentucky Federation of Women's Club in Lexington, prompted the club adaptation of the homecoming theme.

COMMUNITY
CALENDAR

APRIL 6

The Allais Homemakers will meet Tuesday night, April 6, at 7 p.m. at the Kentucky Power Company auditorium.

A film on cancer will be shown. All members of other Homemakers Clubs, or any other interested persons are invited to attend.

APRIL 6

The Lucy Nicholson Circle will meet Tuesday, April 6th at 7:30 p.m. at the home of Mrs. Howard Smith with Mrs. Charles Haynes presiding.

Mrs. Ralph Peters will be in charge of the program. All members are urged to be present.

APRIL 8

District 12 of the Kentucky Nurses Association will meet Thursday, April 8, in the Conference Room at the Appalachian Regional Hospital.

"Instant" Boston Cream Pie

Now, with all the "instant" products being made for the convenience of homemakers, a Boston Cream Pie (or cake) can be put together in a jiffy! Start with one layer of cake (one you've made and perhaps frozen ... or a bought one) — split and fill with 1 cup of prepared vanilla instant pudding. (Prepare the whole package — your remaining pudding into dessert dishes to serve later.) Top with delicious Butter Chocolate Frosting, easier than ever to make with no melt chocolate!

Butter Chocolate Frosting
1/2 cup butter
Pinch of salt
1/2 cup unsifted confectioners' sugar
3 egg yolks
2 packets Baker's Redi-Blend unsweetened chocolate
Flavor product for baking
Cream butter and salt until butter is soft. Gradually add the sugar, beating after each addition until light and fluffy. Add the egg yolks one at a time, beating well after each addition. Then gradually add unsweetened chocolate flavor product for baking, blending well.

First Nurses Course Commences At Southeastern Community College

By CHALLIS HOLLIFIELD
Student Nurse

On September 3, 1964, Southeast Community College, a branch of the University of Kentucky, located at Cumberland, Kentucky opened its doors to a class of fifty girls who were to be the first nursing class ever to enter the college.

These girls were representatives of six states—Kentucky, Ohio, Pennsylvania, West Va., Virginia, and Tennessee—and were entering the college as Freshmen nursing students of Appalachian Regional Hospital Incorporated, School of Professional Nursing.

For the past two semesters these girls have worked together toward a common goal—the right to wear the uniforms of a Registered Nurse. After they have successfully completed

ed their year of college work, the girls will be promoted to the Harlan Appalachian Hospital where, for the next two years, they will receive special training in the various fields of clinical nursing. Many of these girls will continue with their education and get their degree in nursing.

Four days a week the Freshmen students attend college classes, which include anatomy, chemistry, and sociology among other courses, but on Tuesdays the girls don uniforms and go to Harlan to work on the wards.

Here, in the hospital, under the direction of instructors, Irene De Mara, Director of the School of Professional Nursing, Martha Kern, and Nancy Roberts, the freshmen students learn and apply the basics of hospital nursing care.

Since all students were not financially capable of paying for their education, which is around eighteen hundred dollars for the three years, a special loan and scholarship from the John L. Lewis Fund was arranged for by Miss De Mara.

Since April 5-11 has been set aside as National Student Nurse Week, special emphasis should be placed on the need and opportunities for Registered Nurses. As time passes, more and more girls and boys of this area will realize and take advantage of the wonderful opportunities that await a nurse at the end of his or her ARH training.

Attending from the Hazard area are Betty Sue Campbell of Yerkes and Challis Hollifield of Ritchie.

Hazard School Delegates Will Attend KEA Annual Convention April 7th

Governor Edward T. Breathitt plans to make a "major policy statement" on education at the Kentucky Education Association's 93rd annual convention, which opens April 7 at Louisville's Convention Center.

The Governor's statement is awaited with keen anticipation by educators in view of his recent decision to call a special session of the General Assembly in early June to consider school financial problems.

Breathitt will speak at 9:30 a.m. April 8 to the 12,000-to-15,000 persons in attendance at the three-day convention of Kentucky's largest professional organization.

Speaking on the program with the Governor will be Miss Lois V. Edinger, president of the National Education Association. She is currently on leave from her post as assistant professor of education at the University of North Carolina in Greensboro.

Meetings of 45 affiliated groups and 14 college groups are scheduled in addition to three general sessions. A departure from previous years will be "Classroom Teacher Night," a dinner program featuring scenes from famous Broadway musicals. That program—for ticket-holders only—will be at 5:30 p.m. April 8 at the Sheraton Hotel.

More than 600 of the convention participants will be official delegates to the policy-making delegate assembly, which will meet twice during the convention.

Mrs. York Hosts Wesleyan Guild

Mrs. Anne York, Jr., entertained the members of the Wesleyan Service Guild of the Methodist Church at her home on Laurel Street for their regular monthly meeting, Thursday, April 1.

President Mrs. Jake Kimberlin presided during the business session and Mrs. Shafter Combs reported for the Nominating Committee. The following officers were unanimously elected for the 1965-1966 year: President, Mrs. George Pendleton; Vice President, Miss Dickey J. Callahan; Treasurer, Mrs. Frank Baker; and Secretary, Mrs. Stella Pennington. These officers will be installed by Rev. L. M. Rogers during May and take over their duties at that time.

Mrs. Victor Tedesco had charge of the program, the subject being "It Is My Son". She read the Easter Story from the Bible.

Others present at the meeting included Mrs. W. T. Faries and Miss Daisy Pendleton. Delicious refreshments were served during the social hour. United States and Canada.

Bill Helton

Helton Is Member Of G'town Chapter

Bill Helton, son of Mr. and Mrs. Rager Helton of Hazard, Kentucky, has been activated into the Lambda Chi Alpha chapter at Georgetown College.

Bill is a sophomore biology major. He is a member of the A Cappella Choir, Student Government, and the band.

Morehead State College Will Honor

Cooper and Perkins April 19

Morehead State College will honor Senator John Sherman Cooper and Representative Carl D. Perkins for their contributions to educational legislation at ceremonies on Monday, April 19.

Two college buildings will be dedicated in their honor and both will deliver major addresses during the day.

A 202-man residence hall is being named for Senator Cooper and a 16-unit married student apartment building is being named for Perkins. Representative from the 7th Congressional District.

Senator Cooper will address a student-faculty convocation at 10:20 a.m. in the Fieldhouse and Congressman Perkins will speak at a 12:45 p.m. luncheon in the Doran Student House.

Dr. Adron Doran, President of Morehead State College, said today that invitations are being sent to educators, governmental leaders, legislators and business and professional leaders from throughout Kentucky to attend the convocation and luncheon.

"Senator Cooper and Congressman Perkins have done great things for education in general and for the Morehead region in particular and we are pleased to recognize these two great Kentuckians," said Dr. Doran.

John Sherman Cooper

The married housing unit named for Perkins is nearing completion and will soon be ready for occupancy on May 1 while the four-story men's residence hall named for Cooper is not expected to be completed and ready for occupancy until next fall.

Governor Breathitt Proclaims April 2 As Arbor Day

Governor Edward T. Breathitt has proclaimed April 2 as Arbor Day in Kentucky.

"Whereas the planting of trees improves the lives of each of us and is a symbol of our faith in the future," he said, "I urge our citizens to improve the attractiveness of our land, to improve our lives and to protect and respect trees in yard and forest alike and to generalize our respect for this renewable resource."

The proclamation was issued in compliance with a joint resolution by the 1964 General Assembly which designated for the first time in Kentucky a permanent Arbor Day — the first Friday in April.

At the same time, Mrs. Gene Coates of Hazard, president of the Garden Club of Kentucky, has recommended that groups across the state — especially county and city schools — observe the annual day by planting trees on public grounds. "Capitol oak or other seedlings are available," she noted, "on a one-per-site basis from the State Forestry Division, Frankfort."

Rice-Davidson Vows Solemnized; Oldest Saul Man Buried March 19

By Ambrose Rice

Leatherwood has been disturbed and shocked of the deaths of Carr Woods and Lotie Barger Sears.

Mr. Woods leaves his wife Elzann; four sons, Doye, Clay, Harlan and John of Saul; and four daughters, Nancies Roberts of Bonnyman, Mrs. Polly Sandlin of Whitesburg, Mrs. Anzline Herald of Woodstock, Virginia and Mrs. Dorothy Herald of Newport, Kentucky.

Savings Bonds Sales Total \$37,796 Thru Feb.

Sales of Series E and H Savings Bonds in Perry County for February totaled \$18,028 while sales for the first two months reached \$37,796 of the annual goal of \$307,800.

Kentucky's sales for February were \$4,832,419 while cumulative sales for the year reached \$9,888,382 of the annual goal of \$54,000,000.

Nationally, the sales of Series E and H Bonds totaled \$394 million. The cash value of both series outstanding reached a total of \$48,540 million or a gain of \$135 million since the first of the year.

Merle E. Robertson, Louisville, Volunteer State Chairman, stated as follows concerning this year's star-spangled Savings Bonds Campaign now underway: "Freedom is being challenged in trouble spots all over the world, including Vietnam, and all of us worry about the general situation. We have probably wished, at one time or another, that we could do something that would help lessen this tension and protect the free world from foreign domination. We are being offered that opportunity. Let me urge you to sign up for the Payroll Savings Plan. It will help finance our efforts in the free world as well as mean steady savings for you which will be accumulated over the years and may be used for the purchase of a new home, the financing of additional education for your children, or to supplement your retirement income in later years. Help your country while you help yourself."

Mr. and Mrs. Chester Woods of Fairfield, Ohio visited their parents at Saul over the weekend. Mr. and Mrs. Chester Woods of Fairfield, Ohio visited their parents at Saul over the weekend. Mr. and Mrs. Chester Woods of Fairfield, Ohio visited their parents at Saul over the weekend.

Merida and Virgil Gibson of Sizemore visited in Saul last week. The fishermen are beginning to take advantage of the lake.

R. E. Layman Is Senior Vice President Of Ky. Central Life Insurance Co.

Lexington, Ky. — The board of directors of Kentucky Central Life Insurance Company yesterday announced the election of Robert E. Layman, veteran banker, as senior vice president of the 63-year-old insurer.

In the newly-created position, Layman will be active primarily in stockholder, community, and state insurance department relations in the 35 states in which the company operates. He has been a director of Kentucky Central since 1959.

Re-elected as officers of the company were Garvice D. Kincaid, president; David L. Brain, C.L.U., executive vice president; George B. Kyle, vice president chief actuary; W. E. Burnett, Jr., secretary - treasurer; Leo M. Neil, vice president - underwriting; Richard M. Carter, vice president - tax actuary; E. Wilson Yates, Jr., vice president - counsel; Charles H. Thomas, vice president - public relations; Robert E. Casher, assistant vice president - agencies; Frank T. West, assistant vice president - underwriting; Earl

B. Wiggins, Jr., assistant secretary - controller, and William R. Engel, assistant treasurer. A native of Millwood, Ky., and a graduate of Western Kentucky State College, Layman has been in the banking field for more than 15 years and has been president of Central Bank & Trust Company, Lexington, since 1959. He is also a vice president of Kentucky Finance Company.

He is resigning his post at Central Bank on June 1, but will continue to serve on its board of directors.

Other bank positions Layman has held include vice president and director, Dania Bank, Dania, Florida; director, Everglades Bank and American National Bank, Ft. Lauderdale, Florida; director, Curtiss National Bank, Miami, Florida; president, Bank of Oak Ridge, Oak Ridge, Tenn., and president, First National Bank, Paris, Kentucky.

Prior to entering the banking field in 1950, Layman was executive secretary of the Owensboro Chamber of Commerce for three years.

Jeep Wagoneer brings out the adventurer in you...try it

With 4 wheel drive, it's got twice the traction of ordinary wagons. You can go through mud and snow. Pull one simple lever, and you've got power at all 4 wheels...power to take you places you've never driven before. And that extra traction gives you a wonderful feeling of safety. You drive confidently on icy streets, slippery curves and hills you wouldn't dare tackle in your present wagon. All the options are there, in the Jeep Wagoneer: like automatic transmission, power steering, power brakes. Plus you get the largest load space in its field. It's the first really new family wagon in years.

Test drive this "Unstoppable" at your Jeep dealer's. Soon.

Mrs. Rob. Williams Dies at Hospital Of Kidney Ailment

Mrs. Robert Williams, 49, of Maple Street in Hazard, died Thursday, April 1st at the Appalachian Hospital of a kidney ailment.

She is survived by her husband Robert; five sons, Bobby, Bill and Ora all at home, Homer of Walkertown and Herman of Pennsylvania; and three daughters, Burnetta at home, Mary Lee of Leslie County and Anna Lee of Pennsylvania.

Eleven grandchildren, three brothers and seven sisters also survive.

Funeral services were held Saturday afternoon at 1 p.m. at the First Baptist Church in Hazard with Rev. T. H. Harding officiating.

Burial was in the Barnett Cemetery in the L&N yards with the Engle Funeral Home in charge of arrangements.

Timmy Lynn Begley Dies in Lexington

Timmy Lynn Begley, the infant son of Mr. and Mrs. Benny Ray Begley died Thursday, April 1st at the St. Joseph's Hospital in Lexington. Survivors include one brother, Benny Jr.; the paternal grandparents Mr. and Mrs. George Begley and the maternal grandparents Mr. and Mrs. Jason Combs.

Graveside services were held Friday at the Combs Cemetery at Combs with Rev. Jack Davidson officiating.

The Engle Funeral Home was in charge of arrangements.

Daniel B. Begley Buried Saturday

Daniel Boone Begley, 75, of London died Wednesday, March 31st at the Veterans Hospital in Louisville.

He was a native of Leslie County, a Veteran of W.W. I and a member of the Baptist Church.

Mr. Begley is survived by his wife, Edith; one son, Samuel of London; and three daughters, Mrs. Sara Jayne Jones of Portage, Indiana, Elizabeth Ann and Nina Lynn of London.

Funeral services were held Saturday at 2 p.m. at the Colony Cemetery with the House Funeral Home of London in charge of arrangements.

CHAVIES

Ward Entertains With Funny Joke

By Mrs. Hale Bowling
Mr. Sam Ward, of Hazard, and Mr. Don Wootton of Clay County visited Mr. Hale Bowling and family and Mrs. Jean Duff for a while Sunday.

Mr. Ward sure can tell some funny experiences of his own life and others. I don't know whether they are all true or not, but I will listen and get interested in something that isn't true just so it is interesting.

He told about a crowd of people once that all got together for a good dinner on the ground. Before they ate, they had some speakers there, that had to be heard. About three or four men got up and each told what was on his mind, after a while a highly educated man got up. He put forth his best advantage, which must have been a wind up motor as it didn't seem to ever run down, and he just couldn't quit talking. After he had used every big word he knew, he sat down and every one was ready to eat.

Two men were remarking on the good, long, talk of this last gentleman when a woman who was near death from hunger told the men that the tale reminded her of a "cats tail."

The men thought for a minute and then the yeplied, "We don't know what you mean by that," "Well," said the lady, "it was sure fur to the end."

Mr. Franklin Baker of Napier, was a Sunday visitor in Chavies. He is the son of Iloke Baker.

The unemployed fathers sure have been making a change around here and it is beginning to show.

There have been truck loads of refuse and garbage hauled away from between the Post Office and the top of Chavies Hill.

Mr. Emory Noble is in charge of this group and I think Mr. Noble and the men he works with are worthy of honorable mention.

We have a good little community and it can be still nicer if we all would set our goal on improving its appearance and work toward the goal.

If anyone has anything that needs to be hauled away, they can call Mr. Emory Noble. He was also standing by in case we had to move out due to high water.

Mr. Noble is our magistrate. We were sorry to hear of the death of Mr. Calloway Napier of Grapevine. We extend our heart felt sympathy to all the members of his family.

SAY YOU
SAW IT
IN THE HERALD

Rev. Singleton Advises Moving Offices of SBWMU To Louisville

Rev. Ira Singleton, pastor of the Ferguson Baptist Church in Ferguson, Ky., has suggested that the Southern Baptist Woman's Missionary Union move its offices from Birmingham, Ala., to Louisville.

Singleton, himself a former overseas missionary, pointed out in a recent letter to Miss Alma Hunt, W.M.U. secretary, that many people in other countries tend to identify her organization with the racial troubles in Alabama.

"Although the missionaries know better," he pointed out, "many national Baptists are confused." He feels that by moving the headquarters to a more neutral city, much of the unfavorable publicity now being received would be stopped.

Rev. Singleton suggested Louisville as a possible site for relocation, pointing to its progress in establishing working solutions to the race problems.

Marvin Brown Serves in Nevada

Airman First Class Marvin C. Brown, son of Mr. and Mrs. Frank Ferris of 3015 Walters Street, Cincinnati, Ohio, has arrived for duty at Nellis AFB, Nev., after a tour of service in France.

Airman Brown, a vehicle operator, is assigned to a Tactical Air Command (TAC) unit at Nellis. His organization supports the TAC mission of providing firepower and other air support to U. S. Army forces. The airman is married to the former Loretta Hamilton of Hazard, Ky.

To The Voters of Perry County:

I am in the race on the Democratic Ticket for State Representative from Perry County.

As I am working six days a week I wont have a chance to see all of you before the election, so I am stating some of the important things I am for in this article.

I am in favor of changing the election laws to only have an election every even year for all offices are filled for two or more even years. The state can use the money it spends on the unnecessary election for so many things more important.

I am in favor of a sterilization law to sterilize all persons who have a venereal disease to avoid the possibility of them being the father or mother of a deformed child. Also sterilize all girls that are known to be cohabiting with men to avoid the possibility of them being the mother of an illegitimate child which the state is now spending so much money to take care of and raise.

Let's make Kentucky a leader in breeding us back to be strong, healthy, intelligent people here in the United States like they were in the days of long ago.

If you are interested in the things I have mentioned, send me to Frankfort and I will go in fighting for these things and continue the fight until I get results.

Your support will be appreciated by me and others too I hope.

ELI BRASHEAR

TIME BOMB

The population explosion is going at a dizzy pace. Each year more and more young Americans are entering our school systems.

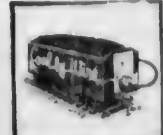

Where will the tax money come from for more classrooms? More teachers? From ALL Kentucky citizens, including the investor-owned Kentucky Power Company. Last year our local and state tax expense was \$785,090—the largest such payment we've ever made. This was equal to the amount needed to keep approximately 2,600 children in school one full year. In addition, Kentucky Power Company's Federal tax provisions in 1964 totaled more than \$2,975,500.

ALL TOLD, TAXES ARE KENTUCKY POWER'S LARGEST SINGLE EXPENSE.

We are proud of our ability to meet this civic responsibility as one of Kentucky's major taxpayers and of our ability to bring you the best possible electric service at the lowest possible cost.

Every time you use electricity . . . you burn COAL

DISTURBED SLEEP
Does kidney irregularly wake you up? Are you bothered with leg pains, back ache, frequent or scanty flow due to functional kidney disorders? Help nature eliminate excess acids and other wastes. After 3 doses of BUKETS, it not pleased your 30s back at any drug store. **LOCALLY at**

Fouts Drug Co. Hazard, Ky.

IF YOU SEE FLYING ANTS

You may have termites!

Those so-called "flying ants" you see around your home in Spring or Fall may be swarming termites. Swarmers are a sure warning... but the worker termites remain hidden inside timbers, carpeting and woodwork in your home. To avoid costly damage, phone for an expert Terminix inspection.

\$5000 Insured Protection — Old homes, new homes, and ones under construction are being safeguarded against future termite damage up to \$5000. Special low-cost protection for homes now free of termites.

For inspection phone

HAZARD, KENTUCKY

RE-ELECT

AT
FOR MAGISTRATE—4th District
MAY PRIMARY—1965

I am qualified, sober, and a friend to all. I am married to the daughter of Wade and Nora Campbell Combs of Troublesome Creek, the father of three sons and one daughter. My office has always been open to the public and I have always considered the Magistrate's Office as a FULL TIME, not a part time job.

MY RECORD SPEAKS FOR ITSELF

I have tried—

- To be fair and impartial to all who have come before me.
- To help the people in my district.
- To be available at all hours—day or night.
- To be interested in programs for the betterment of the City and County.
- To be cooperative with the Fiscal Court in transactions for the good of the People of Perry County.
- To be cooperative with State and City Officials.
- To be represented at all Fiscal Court Meetings—In fact, I have never missed a Fiscal Court Meeting during my tenure of office.
- I was present in Washington when the Federal authorities assured us that we would get the Food Stamps.
- Cooperated and worked with County officials to obtain a grant for the new Court House.
- To be interested in all sports and served as Manager of a Little League Baseball Team in my spare time.
- Have helped build new bridges and built and repair many roads in my district.
- I have worked as a coal miner, played professional baseball, and worked in the Construction of the Miner's Hospital and was later employed in the early stages of the operation of the hospital.
- It is my duty, without pay, to plan and supervise the unemployed Fathers Program in my district. In all humility I again seek your support in the May Primary for Magistrate of the Fourth (4th) District.

I believe I deserve another chance to serve you.

I—stand for Progress and a better future for Perry County.
